## Education

### Full Stack Web Development Program

Jun 2022 - Apr 2023

CareerFoundry, Berlin

Full Stack Program covering all aspects of web development. Specialising in the MERN, Stack & Python applications.

### Business Finance

May 2020 - Jul 2020

IMD Business School, Lausanne

8 Week Course in analytical and managerial finance for Executives at the Institute of Management Development Lausanne.

### Audio Engineering

Sep 2002 - Jul 2004

SAE Institute, Glasgow

2 Year Audio Engineering course covering modern recording technologies, mixing and editing with access to high end consoles and state of the art studios.

## Employment

### Web Developer

Sep 2022 - Present

MacIò, Milano

Working as a Full Stack Developer building and maintaining fashionable Milanese clothing website. Building online purchasing, inventory and stocking systems. Reporting to directly to the director.

### Freelance Audio Visual Engineer

Jan 2018 - Jun 2022

Freelance, Milan & Remote

Audio Visual Engineer working on a freelance basis for Events in Milan and London. Video Editing Projects for several UK companies.

### Audio Visual / IT Technician

Jun 2014 - Oct 2017

The Royal College of Nursing, London

Part of a large team providing IT Support to HQ and 17 regional offices of the UK's Nursing Trade Union. I was responsible for all Audio Visual equipment at 20 Cavendish Square (a 350 capacity venue) and all offices. Providing training to staff, installation of new equipment and troubleshooting video conferencing systems, audio and video setups across the organisation.

I was also responsible for filming and editing all video content for the organisation - live webcasting and video recording of events both at the venue and the annual conference attended by 3,000 members.

### Technical Manager

Oct 2011 - Jun 2014

GHA Limited, London

Manager for GHA, a London based Audio Visual Installation and Events company, offering events, filming and post production services for Legal, Educational and Corporate clients in Central London, I was responsible for:

- Providing Sound, Video and Lighting for Corporate conferences, Art Exhibitions, and Theatre Productions.
- Working as consultants to our clients across a range of disciplines – including event staging, audio visual and video for web projects.
